# ABOUT

**NANOTerial, with its unique and patent-pending recycling methods, aims to bring lanthanide-rich permanent magnets in electronic waste back to the industry with 100% recycling efficiency and over 95% magnetic performance.**

**Additionally, Nanoterial's product inventory includes micron-sized NdFeB and Sr-Ferrite powders, Ferrofluid, Iron, Iron Oxide, TiO<sub>2</sub>, ZnO, Silver and Gold Nanoparticles.**

**ENVIRONMENTALLY  
FRIENDLY**

**COMPETITIVE PRICE**

**HIGH MAGNETIC  
PERFORMANCE**

**SUPPLY/PRICE  
STABILITY**
